NOT ENOUGH CHILDREN
Every mother needs the proper balance of food to successfully nourish her body and bring forth the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.
For all such children we say with unmitigated earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

TWO WEEKS SPECIAL OFFER!
GET YOUR Electric Iron AT ONCE

Every Woman Wants an Electric Iron!
Here is Your Opportunity to Secure a Splendid, Efficient

Electric Iron Under Any One of Three Special Offers

Offer No. 1

To make it easy for you to become the owner of a Electric Iron we made the post card mailed you recently, worth 50 cents to apply on the price of \$3.75.
Sign the card and mail it to our office. We will deliver the iron and you can pay the balance of \$3.25 in cash or \$1.00 per month.

Offer No. 2

Ironing day can be made much easier with an Electric Iron, but to add will further to your comfort, we will give you a full size, first-class folding ironing board, with every Electric Iron purchased at the regular price of \$4.00.

Offer No. 3

We will pay 25c each for sad irons (not more than three); 75c for gasoline, coke, charcoal or unsatisfactory Electric Iron (only one) this amount to apply on the price of a new Electric Iron (\$3.75). You can pay the balance in cash, or \$1.00 per month when you pay your light bill.

If you never had to change irons, with countless steps between the ironing board and the stove—if you never had to wipe the iron to keep the cloths from getting sooty—if you could dispense with the hot stove, or the fumes that make a gas iron disagreeable—wouldn't ironing be a pleasure and the work be more satisfactory?

If you could press garments quickly in your own room, or in the sewing room—at any hour—at the shortest notice—wouldn't you not only look better, but feel better?
Whether you do your own ironing or the servant does it for you, an Electric Iron is a household necessity. Lighter work means better work, whoever does it, and more time for other work. The Electric Iron can be attached to any lamp-socket, in the house, or out. Just take out the lamp bulb, connect the cord, insert the plug in the iron—and you're ready.

Special Offers Good to October 14--ONLY!

The Food Value of Sugar Plus the Goodness of Fruit
You'll appreciate what it means next winter if your cellar contains a liberal supply of canned fruit.
Hardly a food can be mentioned which contains as much energy and which is as important a body fuel as pure sugar. Combine this with real health-giving properties of home-canned fruit, and you have the maximum in food values.
Mother's winter fruit will be right and will keep well if she uses—
